CASTLETON 1967

FOREWORD

This, the 1967 edition of the CASTLETONE, is hoped to be an adequate review of the school year at Castleton State College. Adequate—not more than that. This book was being prepared during the time that the 1968 edition should have been in the preliminary stage. Because half the time that should have been spent on it **was** put into this book, does not mean that it was a “rush job.” It means simply that many things that should have been done were literally impossible to accomplish. A year is necessary to prepare a “year” book; the same year. Pictures of freshman orientation cannot be taken in April or May; if missed in September, they remain missed. You can’t butter your bread after you’ve eaten it. In February the S.A. decided on a summer publication, rather than have no book at all. At this time there was no editor. Because of loyalty, dedication to my class and school, and insanity, I took the job. The majority of these photographs were taken with a brownie or a borrowed camera. Some are poor, but better than none.

Here is the 1967 CASTLETONE, in spite of problems with financing, time, equipment, and personnel. No color, not even off-color, just a few black and white remembrances for some who attended CSC during the 1966–67 school year.

Far and away the best prize that
life has to offer is the chance to
work hard at work worth doing.

Theodore Roosevelt

The results of a good physical education are not limited to the body alone, but may extend even to the soul itself.

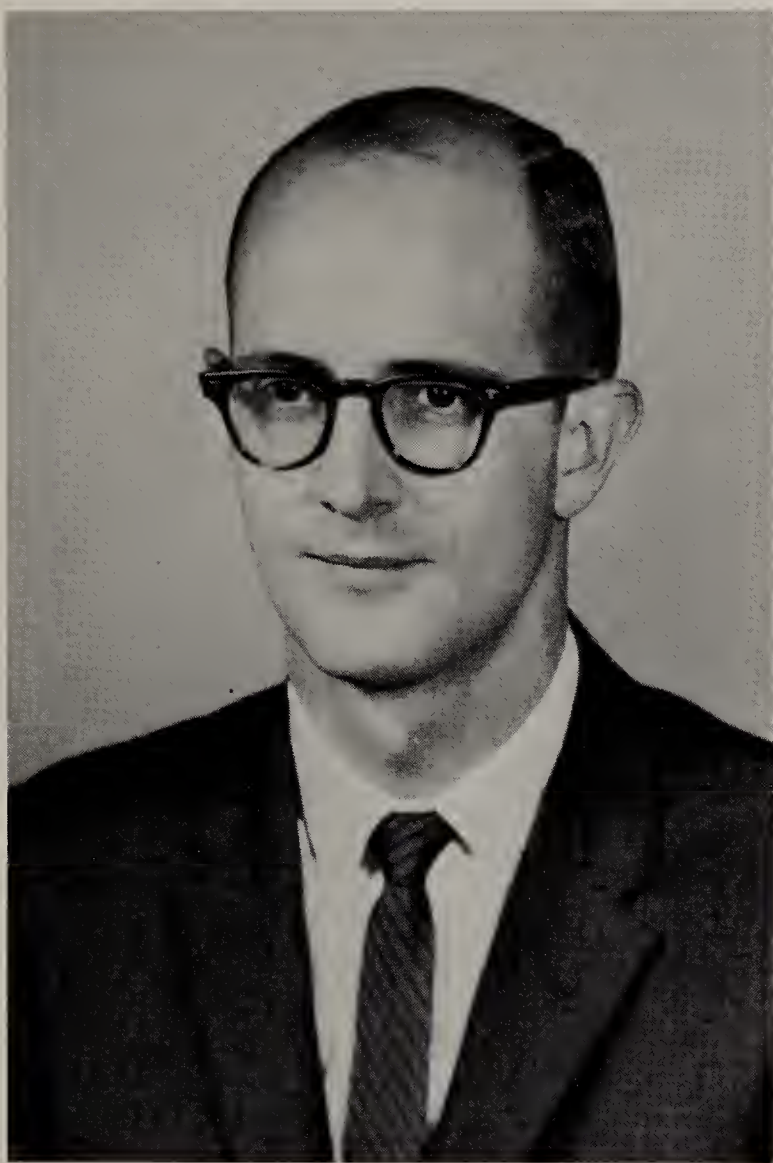

Plato

I am not afraid of tomorrow, for I
have seen yesterday and I love
today.

William Allen White

DEDICATION

T. RICHARD TERRY

Noteworthy in the college's growth and expansion, which has been most evident in recent years, is the development of our fine Physical Education program. T. Richard Terry has been teacher, coach, and Director of Athletics since he came to Castleton in 1958. He attended Cortland (N.Y.) State Teachers College, and received his M.S. from Pennsylvania State University. He has coached the varsity soccer, baseball, basketball, golf, and track teams. In 1965 he introduced Lacrosse to C.S.C., and now coaches that in the spring. Several members of the class of 1967 played on Mr. Terry's 1963 N.A.I.A. national co-champion soccer team. His soccer teams have consistently been at the top of the New England State College Conference, and the N.A.I.A. district. In the classroom Mr. Terry teaches courses including Coaching Techniques, Adapted Physical Education, and Health; also several P.E. activity courses. He organized a summer soccer league in 1965; and is a qualified athletic official. In spite of a busy schedule in every season of the year, Mr. Terry is always willing to help any student who seeks his advice. It was a unanimous decision that the class of 1967 dedicate this one-hundredth anniversary yearbook to T. Richard Terry in appreciation for his unfaltering service, and genuine interest in the college and students. His is an example of what makes a college survive a hundred years, and gives it promise of becoming an even greater institution.

CHARLES B. "TERRY" GULICK
DIRECTOR OF STUDENT ACTIVITIES

Terry Gulick came to Castleton with most of us in the class of 1967. Our class is the first that he has been working with for four years. Terry hails from Springfield, Vermont and graduated from the University of New Hampshire. He is bookstore manager and director of student activities. Each is a full time job, but he has been handling both very capably. Through his wholehearted enthusiasm many new activities and organizations that didn't exist previously are now very much a part of the college. Terry's interest in the student is vital to the functioning of the Student Association. It is this interest that has helped new clubs get started, and kept organizations going. Terry is advisor to the yearbook.

NURSING

A lady with a lamp shall stand
in the great history of the land,
A noble type of good,
Heroic womanhood.
—Longfellow

The class of 1967 is the fifth class to be graduated from Castleton State College in the nursing program. This year thirteen students will be graduated from the program. These thirteen students have come not only from Vermont but two other states. Some will be going on for more schooling while others will begin their careers in nursing as soon as graduation has passed. Their two years at Castleton have been filled with courses on campus in nursing and other academic courses along with their practical experience at Rutland Hospital. There have been field trips to Brandon Training School, the Elizabeth Lund Home, and several other places. At the end of their Freshmen year they spent three weeks at Brattleboro Retreat for their psychiatric training. They had both classroom work and practical experience while there. This year's class will be the first class to graduate wearing the graduate cap.

Mark Twain

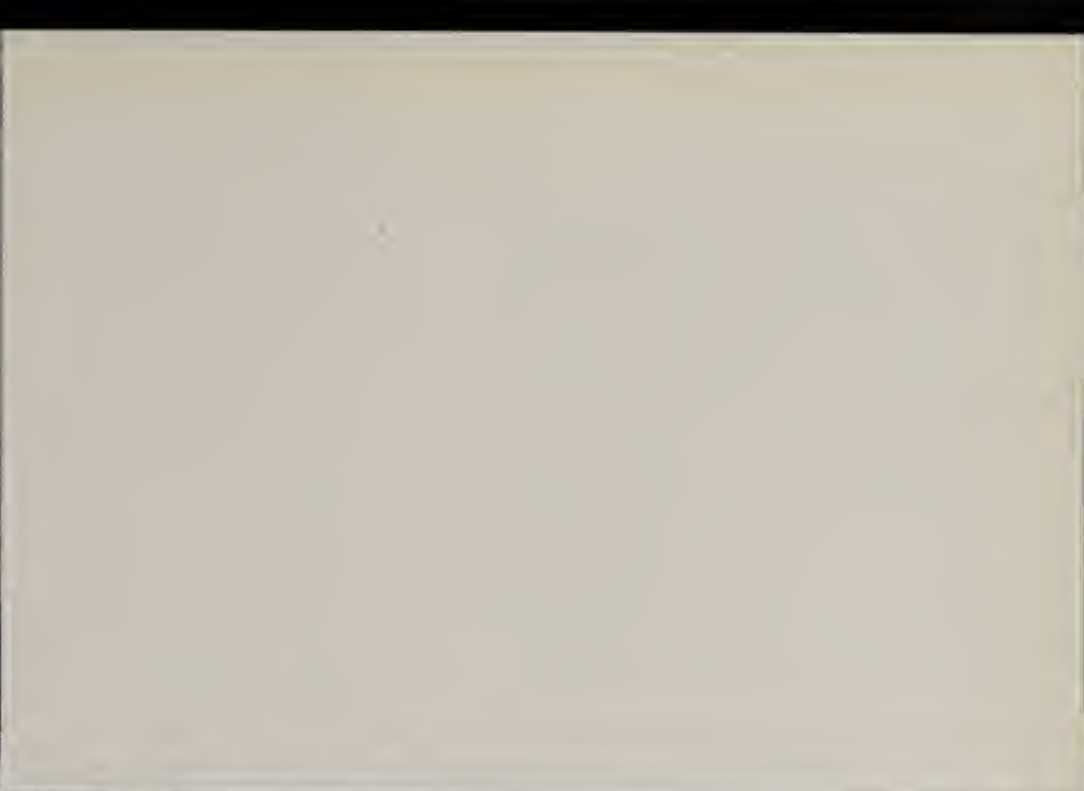

EASTERN STATES

From March 15 to 18 six CSC students were in New York City attending the annual conference of the Eastern States Association for Teacher Education. They were Larry Beebe, Mike Bove, Margie Fish, Mary Gary, Algy Layden, and Jim Matthews, accompanied by faculty advisor, Elizabeth Hale. Luncheons, speakers, group conferences, and tours were held at the Hotel New Yorker, New York University, and at Columbia University. Dean Florence Black was honored as a past president of the association.

Our task is not to fix the blame
for the past, but to fix a course
for the future.

John F. Kennedy

I have no means of judging the future
but by the past.

Patrick Henry

Leavenworth Hall 1925

By the year 1926 Castleton was a rapidly growing school. It had outgrown its then present accommodations. The chapel and the new Woodruff Hall were the only buildings. A dormitory was badly needed. Two years previous, the administration had tried to pass a bill through the state legislature which would appropriate funds for this purpose. It had been defeated. The voters of Castleton turned to Philip Leavenworth, long time supporter, and once owner and principal of the school. A struggle followed, the outcome to determine life or death for the school. Mr. Leavenworth and Mr. Edward Ellis, Rutland county senator, led in the struggle and succeeded in getting the bill passed. The bill appropriated \$110,000 for the building of a dormitory. Philip Leavenworth died several months before the building was completed. It was named in honor of the man who had fought so hard to bring it into existence.

Castleton	95	Lyndon	52

The varsity basketball team finished with an unimpressive 5 win, 15 loss record. However, it was not a discouraging or completely disappointing season. It was a new team, with only three veterans returning. Lacking superstars, with the possible exception of John Young, the team was small in number; but everyone who played played good basketball, and the team worked quite well together, especially in the last half of the season. In his first year at Castleton, coach Wally Colender didn't win his rightful share of games, but showed he could handle a team. With the right breaks the record could easily have been 15 and 5. Outstanding on the court was the "blond bomber" John Young. His point per game average of 30 was 7th in the national NAIA small college statistics. He holds the CSC single game scoring record at 52 points. Fans saw a lot of hustle on the court from Ted Pierce, Ken Goodin, Sam DeBonis, and Bob Davis. Big men on the boards were Jim Gabert, Russ Beauchemin, and Denny Wright. Rounding out the squad and doing a fine job when called on were Wayne Shepherd and John Wright.

GIRLS BASKETBALL

COMMENCEMENT

Steve Hazen receiving commission in U.S. Marine Corps.

To laugh often and much; to win the respect of intelligent people and the affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty, to find the best in others; to leave the world a bit better, whether by a healthy child, a garden patch, or a redeemed social condition; to know even one life has breathed easier because you lived. This is to have succeeded.

Ralph Waldo Emerson

We hope that this book will serve sufficiently in preserving some memories for those attending Castleton during the 1966-67 school year. In spite of the problems and difficulties encountered in preparation of the book, a certain amount of satisfaction must be admitted to; even if it is only in getting it done. We are in debt to the Spartan and Jack Rogers for many of the photographs. Appreciation for aid in photography also goes to Robert Bove of Burlington for the use of his equipment. It was a pleasure to work with Mr. Bill MacAlpine of the American Yearbook Company. We don't have a masterpiece here, but a few pages of memories for those who care.
